TOP TIPS & TRICKS

TO GET YOUR BUILD FEATURED

1. QUALITY CONTENT

This is your chance to get your bike featured across Deus Ex Machina's website and social platforms. The best content will tell a story from start to finish. Figure out how to make your bike and your content stand out.

2. PERSONALITY

Make us laugh, make us cry ... make us hire you. As well as building an amazing bike, we want to hear the stories and see the faces that make up this global event.

3. VIDEO

Everyone loves things that move. From selfie sticks to 4K, you don't need a fancy camera to get involved - it won't hurt though.

4. MOST WITH THE LEAST

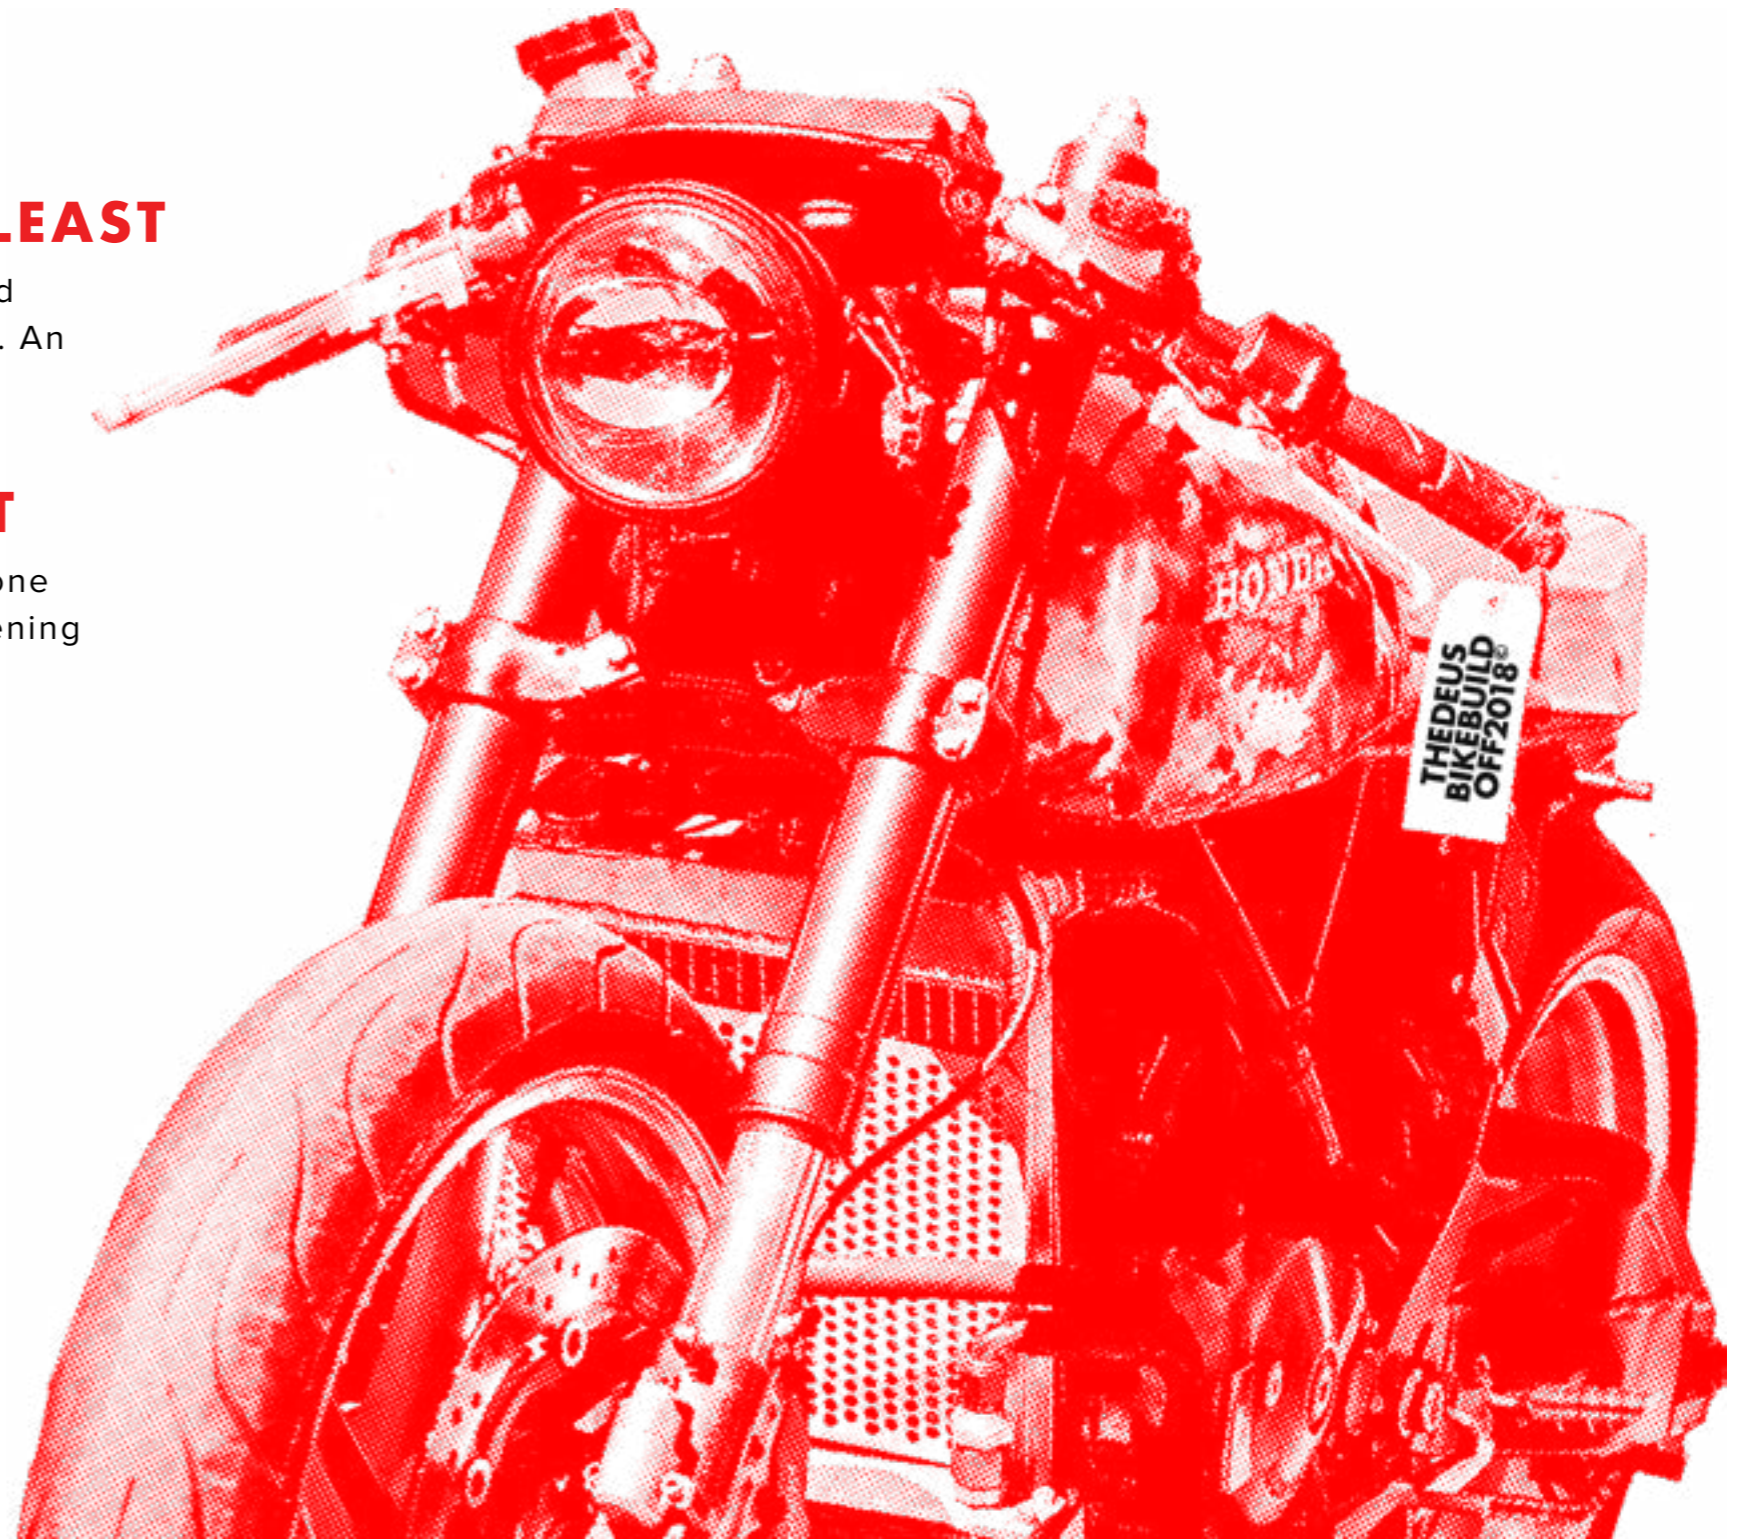

Remember the mantra. Creativity and ingenuity will be held above all else. An empty vessel makes the most noise.

5. GET TO AN EVENT

If you built a bike, bring it along to one of many Bike Build Off events happening around the world.

6. IT'S GOTTA RUN!

Your bike must be able to kick and must be rideable!
